

# Russia Urges Palestine Split In Show of Big Power Unity

## SOVIET UNION LEANS TO U. S. IN U. N. PICTURE

Americans 'Gratified'  
By Decision: Reds Lose  
In Greece Troops Issue

LAKE SUCCESS, Oct. 13 (AP)—Russia lined up with the United States today behind a proposal to partition Palestine into separate Jewish and Arab countries.

This rare instance of agreement between the two big powers brought an immediate statement from the United States delegation expressing "gratification" over the Soviet declaration.

Tonight the United States and Sweden proposed jointly that the United Nations assembly's Palestine committee should go ahead with drafting a specific plan for future government of the Holy Land based on partition lines.

The Swedish-American resolution on Palestine called for creation of a subcommittee which would report back by Nov. 3.

The resolution proposed that the basis should be the unanimous recommendations and majority report of the 11-member United Nations Special Committee on Palestine calling for partition.

A spokesman for the Jewish Agency, official voice of Palestine Jews, welcomed the Soviet statement as a step which might "go far to ensure a constructive solution" of the Palestine problem.

Russia's declaration came as representatives of the six Arab countries in the United Nations called a caucus for tonight to discuss "new instructions" received from their governments on the basis of the U. S. declaration the past Saturday in favor of partition.

The Arab countries apparently had hoped until the last that Russia would support a plan for a federalized bi-national country. This plan would be less objectionable to the Arabs than the partition project.

Russia's Palestine policy declaration was made by Semen K. Tsurakpin, who said the plan for a bi-national government, recommended by a minority of the U.N. Special Committee on Palestine, has "its advantages" but cannot be "put into practice" because of present Arab-Jewish tension.

In another important decision, an overwhelming majority in the United Nations assembly's 57-member political committee today defeated Russia's demand for withdrawal of all British and American troops and military personnel from Greece.

The Soviet Union also "was beaten on a determined appeal for United Nations supervision over economic aid to Greece under the Truman program."

To complete the string of Major (Continued on Page Nine)

## First Step Toward Meatless Tuesday

Household of Mr. and Mrs. John A. Pota, 60 South Charlotte street, was all prepared yesterday for a meatless Tuesday today. Miss Bernardine "Bernie" Pota, Pottstown High school sophomore, made sure of the family's main dish yesterday when she ordered this huge fish from Charles Tornabene, Pottstown seafood dealer of Charlotte and Queen streets.

## 2 U. S. Congressmen Are Fired On in Greece

ATHENS, Oct. 13 (AP)—Reps. Olin E. Teague (D-Tex.) and Donald L. Jackson (R-Calif.) were fired on today by mortars north of Kilikis, Greece, near the juncture with Bulgaria and Yugoslavia, but escaped injury, an American embassy spokesman announced tonight.

Teague and Jackson are members of a five-member subcommittee of the U. S. House of Representatives' foreign affairs committee touring Europe.

The embassy spokesman, whose information came from Greek military sources, said several shells were reported to have fallen near the Congressmen.

With them was Lt. Col. Allen C. Miller, assistant military attaché, and U.S. delegate to the recently dissolved United Nations Balkans sub-committee.

The incident was reported shortly after Premier Themistokles Sophoulis called on the Greek people in a radio address to "ally against the threatened tyranny of a minority serving foreigners" and announced an austerity program to balance the budget.

The greatest portion of the new budget, which excludes the importation of all luxury items, will go to support the army, now being supplied with American funds through the United States mission to aid Greece. The present American contribution is more than \$150,000,000 for the armed forces, with more expected as they are enlarged. The total for Greek aid is \$300,000,000.

The 87-year-old premier, in his first major address since assuming office early the past month, announced formation of a foreign trade administration to control all exports and imports. In the prepared text of his address, distributed in advance, he said this administration would be headed by an American in the employ of the Greek government. This reference was deleted from the address as delivered.

Sophoulis, immediately after a cabinet meeting, said he made omissions from the prepared text of his speech because "I was too tired to read the whole speech." The text comprised 4500 words.

American sources said the new body would be headed by John P. Dawson, former professor of law at the University of Michigan.

Sophoulis, referring to his anxiety to guerrillas in the north, told the Greeks to form "an unbreakable and true front" to "help those who repent and escape from the stranglehold of rebellion in order to return to the Holy Land immediately" (Continued on Page Nine)

## News Tipsters Are 'With It' For 10 Bucks in Extra Cash

Are you with it?  
In show business that question means "Are you with the show?" But in Pottstown it means "Are you a Mercury news tipster?"

To Mrs. Anthony Passante, 36 Scott street, Pottstown, Mrs. Jennie Rhoads, Pottstown RD 3, and Michael W. Boligese, 364 Cherry street, who can answer "Yes," it means extra \$88838 this week. They were the winners in the weekly news-tip contest which closed yesterday.

Mrs. Passante won first prize of \$5 with her quick tip on the oil stove explosion which caused \$750 damage to the kitchen of Guy Crawford, 43 Hemlock row, Stowe.

A tip on the collision of a Boy-

## 'Dogs,' Burgers To Top Meat Menus Today

Meat-hungry Pottstowners faced with the prospect of meatless Tuesday will receive some consolation from the hot dog and hamburger menus restaurants will feature today.

The day will mark the beginning of an experiment decided upon by restaurants last week to conserve food and still not deprive their customers of meat entirely. In addition, the concerted action by Pottstown restaurants gives the "wiene" shops a chance to remain open for business.

Sopho Xanthopoulos, owner of the Embassy restaurant, who called the "meeting" of the restaurant owners at which the decision to serve these foods was made, said yesterday the plan was almost 100 percent effective. With possibly one or two exceptions, he stated, every restaurant owner has agreed to go along with the idea.

Basing the decision to serve hot dogs and ground meat dishes on the low ration point value of those meats during the war, the restaurant owners feel sure their experiment will conserve meat without removing it entirely from the menu.

## Slice of Receipts From Bowling Alloted to Fund

One quarter of all receipts taken in on the Arrow Bowling Alleys, 950 High street, Saturday between 10 a. m. and 5 p. m. will be donated to The Mercury Relief Fund.

This offer was made yesterday by the sports palace proprietor, Leon Cardonick. He said he was able to make the offer only because league bowling had not started for the season, and that the public may be accommodated at any time during those hours.

"I have seen the Relief Fund in action," Cardonick said, "so I know how worthy a cause it is. We feel that we can afford 25 percent of our receipts to help the unfortunate."

Every alley will be open to the public during those hours, Cardonick said.

The Relief Fund got another boost yesterday when the Eagles Home association donated \$25.

## \$1000 Voted to Chest, \$50 to Mercury Fund

Pottstown, Nest 150, Fraternal Order of Eagles, voted a \$1000 contribution to the Community Chest fund and a \$50 contribution to The Mercury Relief Fund at its meeting last night in its home.

Five new members were accepted at the session and it was announced that a special meeting will be held Thursday night at 9 o'clock in the home to complete plans for a Christmas party for children of members.

The committee in charge of this party is in charge of George Gross, president, who also presided at last night's meeting.

## Leaves Must Be Burned In Containers, Chief Warns

Burning of leaves in open streets, alleys and yards without the use of containers is banned by a borough ordinance. Last night Fire Chief Richard E. Lindauer issued a warning that prosecutions will be made if the practice is not halted at once.

Dr. John B. Peterman, Veterinarian Office, 3302, Residence, 953-R-4. Rummage Sale Oct. 14, 15, 16, rear 510 Beech, Navy Mothers' Club.

Blossom Restaurant - Serving Family Style Tues. only, 6 to 8 p.m. Emmanuel L. L. Play "Fish As A Daisy" Thurs. Oct. 16 8 P. M. Kozak Bros. Cooper's Beer, P.1335-W

## KINSEY UNION SHUNS THREATS IN SHUTDOWN

Work at Linfield Plant Is Expected to Continue; Action Seen Unnecessary

Union threats to file damage suits against plant owners if distilleries close down for a 60-day period in answer to President Truman's plea to save grain for Europe will not be voiced in this area, union officials said yesterday.

"We definitely will not take that sort of action," Frank L. Cassidy, president of the United Distillers Workers of North America, Local 163, CIO, declared.

Cassidy's statement came after Joseph O'Neill, president of the AFL Distillery union in San Francisco, said his union would file a shutdown with court proceedings and would demand "standby pay."

O'Neill claimed the savings of grain would be insignificant, and that thousands of Americans would be thrown out of work.

In announcing his union's intention to avoid the course set by O'Neill, Cassidy stated the 147 workers of Linfield plant of the Kinsey Distilling company would not be affected by any action taken by the distillers for a 60-day closing.

There has been no distillation at the plant for more than a year, he said, and it has been used solely for bottling and its warehouse facilities. He indicated that the company had more than enough whisky on hand to keep the plant operating for a period considerably longer than 60 days.

Another union official at the Philadelphia office of the local said he believed the Publisher Industries, owners of the Kinsey plant, would substitute molasses and potatoes for grain in their distilling plants to avoid unemployment during the 60-day grain-less period.

## Fresh Air Privvies Are Slated to Go

Pottstown pranksters may have trouble finding outdoor privvies to tip over or carry away this Halloween, since the Pottstown board of health decided at its meeting last night to declare war on such fresh air toilet arrangements.

Hearing a report of a survey conducted by Health Officer Benjamin Steele that there were 200 outdoor privvies still within the sewer-serviced limits of Pottstown, the board voted to open an intensive drive to persuade property owners to get rid of them once and for all, whether or not they are still in use.

Ralph Swavely, board secretary, termed the old time buildings "the number one source for breeding vermin as well as an eyesore." He said, "Residents who take a pride in their town do not want a host of Charlie Chick Sales on the landscape."

"For the past dozen years," he declared, "we've recommended action against them to the borough each and every year, but it's yet to come forth with any help."

The board has been sniping away at the out-houses by declaring ones in particularly bad shape a nuisance, and thus making the owners liable to heavy fines if they do not remove the buildings and fill the pits.

The first step in the new program Swavely said, will be to "seek the co-operation of property owners." He added, "If this fails, we will resort to legal means."

Swavely said, "We've been getting several each and every month," but asserted progress was not made rapidly enough. As a step for ending the matter once and for all, the board plans to work with borough authorities for enactment of an anti-out-house ordinance in the near future.

The board of health also is opening a crusade against residents who throw waste water out on the public streets. A district engineer for the Pennsylvania Water board surveyed the borough the past week and found numerous violations. Property owners who are detected tossing tubs or pails of waste water (Continued on Page Nine)

## Lucky Sevens Help Ease Misfortune

READING, Oct. 13 (AP)—Blessings often accompany misfortunes. Mrs. Harold Marshall, 25, was thinking tonight.

On Sunday night, the Marshall home, only one on Shultz's court, caught fire, and five fire companies battled to extinguish the blaze, confining it to one room and \$800 damages. That was 7:15 p. m.

At 1 a. m., today Mrs. Marshall was admitted to St. Joseph's hospital and an hour and a half later gave birth to her fourth child, a seven pound, seven ounce boy. Both mother and child were reported doing well tonight.

## SPECIAL OFFICER LOSES WARRANT

Action Taken as Penalty  
Against Hunsberger for  
Reckless Firing of Pistol

Loss of his warrant giving him the authority of a special officer and membership in the Fire Police association was the penalty paid by Jonathan Hunsberger, 39, of 449 Chestnut street, for his reckless discharging of a .22 calibre pistol early Sunday night when one of the pellets broke a pane of glass in a second story apartment of Frank Batman, 24 King street, and scattered glass fragments on a bed.

Hunsberger was given a hearing at 7 o'clock last night at borough hall by Justice of the Peace Charles L. Andre, of the West ward. He was charged with disorderly conduct.

Andre reprimanded Hunsberger for his "wild prank" and said he was not going to impose any fine or costs on him.

Burgess William A. Griffith then announced he was revoking the special officer's warrant which had been given him when he was sworn in by Griffith.

Griffith also said that the damage caused by the shooting affray would have to be paid by Hunsberger. A new pane of glass is needed and the ceiling of the bedroom must be repaired.

Patrolman Stanley Borowy, who made the arrest following police call, was prosecutor in the case. He said that Hunsberger fired six shots, five of them going wild into the air.

Hunsberger did not deny the patrolman's statements and, when asked by Andre why he did it, he replied, "I guess it was too much booze."

## Committee on Wells' Fee Plans to Meet Soon

The special committee to consider the \$22,000 bill presented by C Edmund Wells, borough solicitor, for his work in completing the acquisition of the Pottstown Gas and Water company by the borough, will be convened soon, possibly this week.

"I'd like to meet this week," declared J. Max Creswell, head of the finance committee. Creswell's committee has joined with the special water committee at Wells' request to discuss his charge of service.

In addition to the councilmen there will be four citizens chosen to meet with the group. Creswell said their names will be announced when the committee is ready to hold its first meeting.

## Distilleries Agree to Close 60 Days Starting Next Week

WASHINGTON, Oct. 13 (AP)—Practically the whole distillery industry has agreed to close down for 60 days at the end of next week to save grain for Europe, the Citizens Food committee reported tonight.

Also in the aid-Europe drive pushed by President Truman, France won U. S. permission to use part of an \$185,000,000 reconstruction credit for emergency buying of coal and other essentials.

Government officials figured that \$93,000,000 will thus be made available for France at a time she says she badly needs dollars.

An estimate that the distillery close down would save 10,000,000 to 20,000,000 bushels of grain came from Charles Luckman, chairman of the President's food committee. He announced the agreement.

Luckman said 36 of 39 distillery companies agreed to the shutdown, which was opposed by the AFL Distillery Workers union on grounds of creating unemployment.

The union unsuccessfully sought a 10-day delay in the decision. Its officers have talked of suing employers for damages, demanding "stand-by pay" and bringing injunction proceedings against any who close down.

Luckman said the three firms which did not join today's agreement were small ones with hardship problems.

Luckman later announced that the national restaurant industry advisory committee has reaffirmed its "complete support" of the conservation drive, including meatless Tuesdays and eggless and poultryless Thursdays.

The restaurant committee announced a conservation program including the serving of bread and butter only on request, listing fewer items on the menu, serving fewer crackers with soup limiting butter to one piece a meal, or on request, (Continued on Page Nine)

## Anti-Liquor Group of Sanatoga Firemen Called On to Back 'No Gambling' Rule

A warm discussion on the subject of a liquor license and games of chance featured last night's meeting of the Sanatoga Fire company, which ended in a decision to hold a special meeting on the controversy Nov. 9.

A group, led by Pickar, former company president had been pressing for a company liquor license since the past winter. After it was defeated on this issue in January, it was decided to pass a by-law banning any bingo games, sale of lottery tickets, crance wheels or any form of gambling within the firehouse for whatever cause.

This anti-gambling by-law was rescinded the past September, but at last night's meeting, the Pickar faction again pressed for the no-gambling law.

Their argument, as outlined to the meeting, was that if a liquor license had been banned because the

## PARTY PLEDGES CARRIED OUT, DEMOS ASSERT

Accomplishments Cited  
By Leaders at Rally Here;  
Election Platform Offered

By ED ROSENBERG  
(Mercury Staff Writer)

A review of "Democratic accomplishments in the past two years" and a promise of further, extensive improvements in Pottstown featured the first Fall rally of the Democratic party, as candidates and workers came together in Library hall last night.

George D. Robins, president of the Pottstown Democratic club, briefly surveyed the Democratic program of 1945 and claimed that each plank had been carried out, following his discussion with suggestions for a 1947 platform.

"In the 1945 platform we promised to raise the wages of borough employees, reorganize the administration of the borough for greater economy and efficiency, to end the dispute with the Pottstown Gas and Water company by buying the company, and to bring about municipal garbage collection. All these promises have been kept," Robins told his listeners.

"In addition," he continued, "we have made many improvements in streets and street lighting without raising the tax rate, as many communities have been forced to do."

Both Robins and C. Roy Bush, president of borough council, presented the suggestions for a Fall platform for the workers' and leaders' consideration.

The planks included the early completion of the tax equalization program; the enlargement of the recreation program and an increase in the number of playgrounds; an increase in the appropriation for the Public Library; the reorganization of the school board to end "one-man rule" and restore to board members their active part in settling school affairs; expanding the police department; and by January of 1948, a fully-operating system of municipal garbage collection.

The delay in setting up a borough garbage collection system, Bush declared, was caused by a necessary study of the two systems—the contract basis or a borough-operated collection agency.

In his closing address Bush reviewed at length the events of the past two years.

"We have raised the pay of bor-

## 270 Are Expected At Federation Event

Covers for 270 guests will be laid for the first annual Ladies' Night banquet of the Pottstown Federation of Men's Bible Classes to be held at 6:30 o'clock tonight in Fellowship hall of the First Methodist church.

President Charles L. Rohland will be master of ceremonies. The main address will be made by John R. Jordan, of Philadelphia. Greetings will be extended by Burgess William A. Griffith, County President H. C. Creswell, Mrs. Donald T. Floyd, president of the Pottstown Council of Church Women, and the Rev. Floyd, county federation chairman.

Addresses will also be made by State President Merold N. Yosi, of Sugar Land, State Vice President Alvin G. Dewees, Glenside, and State Vice President Arthur Robinson, of Glenside.

Pottstown Federation will be represented at the state convention to be held Saturday at Harrisburg.

## Mercury Reaches 71; Fair Weather Today

A taste of Indian Summer continued to grace Pottstown with mild temperatures and clear skies yesterday as the temperature climbed to a comfortable 71 degrees.

Warm weather may mean incongruous with trees covered by rapidly-falling leaves, but the weatherman insists on forecasting fair and mild conditions again for today and tomorrow.

## Physical Education

Program Arranged  
At 'Y' for Fall, Winter

A program of gymnasium and swimming instruction for boys and of a variety of physical fitness classes for senior members of the YMCA was announced yesterday by Don F. Goodnow, director of the health and physical education department.

Yesterday was the official opening date for the Fall and Winter schedule.

The boys' gymnasium and swimming classes routine is:

Pieps, boys from eight to ten years—Gym class, 4-5 p. m. Tuesday and 9-10 a. m. Saturday; swimming classes, 5-5:30 p. m. Tuesday and 10-10:30 a. m. Saturday.

Junior Hi-Y, boys 11 and 12 years—Gym classes, 3:30-4:30 p. m. Thursday and 10:30-11:30 a. m. Saturday; swimming classes, 4:30-5:30 p. m. Thursday and 11:30 a. m. to noon Saturday.

Senior Hi-Y, boys 13 and 14 years—Gym classes, 3:30-4:30 p. m. Monday and Friday, and 1-2 p. m. Saturday; swimming classes, 4:30-5:30 p. m. Monday and Friday, and 2-2:30 p. m. Saturday.

Senior Hi-Y, boys 15 to 17 years—Gym classes, 6:30-7:30 p. m. Tuesday and Thursday and 2-3 p. m. Saturday; swimming classes, 7:30-8 p. m. Tuesday and Thursday, and 3-3:30 p. m. Saturday.

A beginners' swimming class will be held Friday from 7-5:30 p. m. A life saving and water safety class, to meet on Wednesday from 8-9 p. m., also was announced by Goodnow.

A special period for father and son swimming has been set aside for Saturday afternoon from 4-5 o'clock.

The men's schedule will include conditioning drill from 12-12:30 p. m. Monday, Wednesday and Friday and 5-5:15 p. m. Monday and Thursday.

Boxing class will be conducted from 6:30-7:30 p. m. Friday; apparatus class from 5-6 p. m. Friday, and weight lifting and body conditioning class from 8:30-9:30 p. m. Monday, Wednesday and Friday.

Informal basketball games may be played in the YMCA gym from 6:30-7:30 p. m. Monday and Wednesday, while the businessmen's volleyball class will meet on Monday and Thursday from 5:15-6:30 p. m.

The gym may be used for volleyball or handball at any time that other activities are not scheduled, by arrangement with Goodnow.

An innovation for Y members will be the physical fitness testing, to be held every Saturday from 4:30-5:30 p. m. for senior members.

Men's swimming schedules are: Wednesday, 6-6:30 p. m.; Wednesday, advanced swimming and aquatic club from 8-8:30 p. m. Monday, 8-9 p. m. Tuesday, and 5:15-8:45 p. m. Wednesday; Water Safety and Life Saving class from 7:30-8:30 p. m. Friday.

Individual coaching will be taught from 8-9 p. m. Thursday, while informal swimming parties and private instruction may be arranged with the department.

## Treaty Spot

Australian Foreign Minister Herbert Evatt (above) suggested yesterday that the site of the Japanese peace conference should be a Pacific spot and that the obvious choice would be Pearl Harbor.

Swimming Schedule  
For 'Y' Girls Arranged

A new schedule of swimming for girls of the YMCA here was announced yesterday by Mrs. Alex V. Tisdale, executive secretary.

The girls' swimming team of the Senior High school will meet in the YMCA pool each Monday from 6 to 7 p. m. The YMCA swimming hour will be held every Monday night in the YMCA pool from 7 to 8 p. m., when children and adults will be admitted.

Mrs. Edna Eagle, a qualified Red Cross instructor, will be in charge.

MEN! Be Sure You Try This  
Fine Shampoo. Most  
Barbers Say None Other Gives Such

## DEATHS—FUNERALS

**MRS. ELIZABETH M. (BIRD)**  
1057, widow of William H. Bird, died at her home, 132 WEST PHILADELPHIA AVENUE, BOYERTOWN, at 3 o'clock yesterday afternoon after a week's illness. She was 78 years old.

Born in Berks county, she lived there all her life. Mrs. Bird's husband was one of the first salesmen of the Boyertown Casket company, until his death in 1938.

Mrs. Bird is survived by four sons, Arthur B. of Boyertown, Paul B. of Baltimore, Md., Charles B. of Philadelphia, and Herman B. of Hazelton; two daughters, Mrs. Edna Zerr, of Coatesville, and Mrs. Kathryn Brunner, of Scotch Plains, N. J., and ten grandchildren.

Funeral services will be arranged upon the arrival in Boyertown of Mrs. Bird's children.

Funeral services for **SAMUEL E. HARING**, husband of the late Rose Ann (Endy) Haring of 133 SOUTH WASHINGTON STREET, BOYERTOWN, were held from a funeral home at 124 West Philadelphia Avenue, Boyertown, yesterday at 1:30 p.m.

Continued services were held in Salem Reformed church, Spangerville, where the Rev. Earl G. Wolford, pastor, officiated. Burial was made in the Oley Cemetery.

Bearers were Raymond, Willard and Howard Haring, Wilson Hillpot, Ralph Landis and Robert Erb.

One of the highlights of the trip was presentation of a tin of home-made cookies to a patient there. Admiral King was allowed no outside visitors but the cookies, baked by local women, were dispatched to his room by an officer.

Making the trip, in addition to the Pottstown women, were Mrs. Verna Leidy, Mrs. Sara Herb, Mrs. Rebecca Miller, Mrs. Lizzie Sell and

# Now the treats begin!..

# SEALTEST

# STRAWBERRY

# ICE CREAM TARTS

\* it's the Dessert-of-the-month

Good news for your sweet tooth! From now on we're going to make a regular feature of Sealtest Ice Cream Tarts... with a different delicious flavor each month.

This month it's Strawberry! Big, luscious, flavorful berries make the sumptuous filling for the melt-in-your-mouth crust of smooth, rich Sealtest Vanilla Ice Cream... and there's a ruffle of whipped cream to top it!

So look for the Sealtest symbol when you're going to have lunch at a fountain... because that's where you can finish off with a Sealtest Strawberry Ice Cream Tart. And look for it, too, when you want to take home something special for dessert. Sealtest Strawberry Ice Cream Tarts don't require a bit of fixing... just serve and enjoy. Better place your take-home orders early.

Look for the Sealtest Ice Cream Tart Dessert-of-the-month... to be announced regularly in this paper.

## Rev. Herbster Attends Hood College Program

Among local attendants at Campus Day at Hood college, Frederick Md., on Saturday were the Rev. and Mrs. John L. Herbster, Margaret C. Herbster, John Herbster and Mr. and Mrs. William B. White, and daughter Violet M. White of Shillington. The Rev. and Mrs. Herbster's daughter Phillis is a freshman student there now, while Miss White is a graduate of Hood.

Mrs. Sophie Miller, president of the local club.

The women took three bushels of apples, given by Mrs. Paul Gilbert and Ed Keum of Boyertown, who also donated ten boxes of stationery, 66 pounds of home-made cookies, 240 ears of candy, 240 packs of gum, 12 boxes of book matches, a case of soap, 60 wash cloths, and 50 toilet tissues. The articles were distributed directly by the women to the patients on the ward floors.

Phone 158.      Third Avenue and Main Street, Royersford

### Marcella Rebekahs To Meet Tomorrow

Marcella Rebekah Lodge 458 will meet tomorrow night with the newly installed officers in charge. Committees have arranged a "breakfast program" to follow the business session. Members have been asked to wear funny hats.

The officers are: Elsie Stauffer, noble grand; Pearl Carl, vice; Annie Todd, treasurer; Margaret Peters, warden; Elma Clemens, conductor; Emma Taney, past noble grand; Lillian White, chaplain; Ida Naylor, right supporter to noble grand; Martha Snenfeld, left supporter to noble grand; Mrs. James Walker, right supporter to vice-grand; Teresa Brignola, left supporter to vice-grand.

Ella Bunn, inside guard; Dorothy Hess, outside guard; Dorothy Ewing and Hazel Wise, color bearers, and Marguerite Bell, musician.

The noble grand announced her committees as follows: Social, for October and November, Beatrice Conner, Frances Snyder, Pearl Carl and Elsie Stauffer; entertainment, Teresa Brignola, Pearl Carl and Hazel Wise; ways and means, Ida Naylor, Margaret Hughes and Dorothy Hess; visiting, Tillie Green; Mildred Littlefield and Mary Hanebury; publicity, Elsie Hargan and Evelyn Frederick.

### Man Goes to Prison On Drunk Charge

Terms of Royersford's new ordinance against boisterousness disturbances, drunkenness and disorderly conduct were invoked at a hearing last night, when Daniel Gauger was committed to Montgomery county prison for 30 days in default of payment of a fine of \$25 and costs.

Gauger was arraigned before Justice of the Peace Otto H. Meyer on charges of drunkenness and disorderly conduct, brought by Officer Earl Hesh of Royersford police department.

Officer Hesh testified he was called to Floyd-Well's company plant Saturday night, after Police Chief Bryson Turner also had received a call in the afternoon from officials, who did not want the man loitering in the plant. Hesh said he placed the man under arrest out he resisted as he neared the borough hall.

Gauger pleaded guilty. The justice of the peace read the new ordinance, quoting that offenders may be fined as high as \$100, but he imposed a fine of \$25 and costs. Unable to produce the amount of the fine and costs, Gauger was committed.

### BANK DIRECTOR NAMED

At a regular meeting of the board of directors of the National Bank of Royersford Friday, E. Earl Nelson, 331 New Street, Spring City, was elected a member of the board to fill a vacancy caused by the death of P. M. Stover.

### COUPLE TO TAKE TRIP

**Extra — Horse-and-Buggy Crash!**

In the year 1917 this is a real "believe it or not" and it isn't out of grandma's picture album. In fact, so rare have become runaway and buggy crashes that thousands of New Yorkers gathered to witness the one pictured above. The carriages involved are the picturesque hacks which drive tourists around Central Park. Just imagine, one of the horses was frightened by one of those horseless buggies.

### MEETING POSTPONED

A meeting of Royersford Council of Churches scheduled for last night was not held because of the lack of a quorum. The meeting was postponed to Monday night, Nov. 10.

The atmosphere of the earth weighs 5,633,000,000,000,000 tons.

### BOYERTOWN

#### High School Notes

Students in eighth grade social studies classes have completed a study of work on the life of the American Indian. Outstanding work in construction of models was done by Bruce Lantz, John Ritter, Barbara Koons, and Edward Watson. Exceptional map work was done by Major Abrams, Delores Meyers, and Joan Koons. Students who wrote stories worthy of commendation were June Ann Weiler, John Mercer, and Robert Brooks. Mary Lou Purnell is the teacher in charge.

High school students say a guidance motion picture yesterday morning on etiquette, its implications were discussed by homerooms in the afternoon. Mrs. Marcia Kirska, librarian, was responsible for bringing the picture to the school.

Marlyn Neiman was named president of the art club in the school. Other officers are Gertrude Westler, vice president, and Annaeol Dunkeberger, secretary-treasurer.

A new field of work will open up in the high school shop this year when the shop club sponsored by Franklin H. Gonsalves, teacher, will work in plastics. Twenty-five boys are enrolled for the pioneer work.

Seniors of the business department are already getting practical experience by typing assignments.

## FREE GIFTS! TO EVERY ADULT

Who Attends the Opening Day Festivities

There Is Absolutely No Obligation to Buy

This Morning (Tuesday) at 9:30 o'clock, after over a year of heartbreaking preparation, we will proudly lift the curtain on what we think is the most beautiful Furniture Store in this Entire Shopping Area. This is cause for celebration, and you the public, our patrons and friends, are invited to participate in the Opening Day Festivities. We set aside TODAY as Courtesy Day, so that everyone will have the opportunity to roam through the magnificent interiors. A handsome "FREE GIFT" will be presented to every adult that registers at the Gift Desk. There is positively no obligation to buy anything to receive your FREE GIFT.

There will be many hosts in attendance to act as Guides and show you through the Building. These hosts are friends of yours, men and women whom you meet in your everyday life, people you know in most cases intimately. We don't want to go into details about the new innovations you will see, or the beautifully appointed Floors. We want you to see them for yourself, to be as pleasantly amazed as we all were when we saw the almost finished product; and we feel certain you too will be as proud as all of us are, about the Greater New Block's, that after 63 years, begins another era of Progress, in anticipation of your continued friendships, the better to serve you more efficiently in the future.

So That We Will Be Able to Accommodate All Our Many Guests

We Will Remain Open Until 9 P. M. This Tuesday

# War in Greece Cheap to Reds

## KREMLIN GIVES LITTLE IN CASH TO AID LEFTISTS

Nearby Satellites Help 17,000 Guerrillas; U. S. Outlay at 158 Million

SALONIKA, Greece, Oct. 13 (AP)—Soviet disciples in Greece are waging a multi-million dollar civil war at amazingly low cost to Russia: a few paper rubles' worth of propaganda.

The guerrilla forces of Communist General Markos Vafides, estimated at 13,500 to 17,000 men, apparently are no direct drain on the Kremlin's treasury.

Greek government supporters charge the Soviet satellite states of Yugoslavia, Bulgaria and Albania provide services to the Greek Reds, including hospitalization for wounded and training with old German and Allied weapons. But it is cut-rate stuff.

For maintaining the rebellion, an innocent bystander, the Greek peasant, really foots the bill. Every day the fighting continues, he pays with the lives of his kidnapped sons and daughters, burned homesteads and stolen crops.

The so-called Greek democratic army exists by plundering Greece. Russia's present contribution to Vafides seems confined to ideological shots-in-the-arm by press, radio and U. N. speeches. But propping up the royal government in Athens against the Leftist revolt is no dime-store tinkering of foreign policy for the American taxpayer.

The United States is already committed to spending \$158,000,000 during the present fiscal year on the Greek army, air force, navy and gendarmerie. The figure probably will go higher.

Just to feed these 196,000 Greek regulars for 12 months is a \$28,000,000 item in the American outlay here. The Andartes—insurgents—solve their own quarter-master problem merely by robbing Greek villages.

Of the \$350,000,000 in American goods and services promised to Greece so far under the Truman Doctrine, approximately half is certain to be swallowed up in the civil war. The Greek budget itself allocates 450 percent more for national defense now than before the Axis attack in 1940. The budget deficit is estimated at half of the country's total income in a prosperous pre-war year.

Historically, the revolution has occurred in two installments. The first was played out from December, 1944 to February, 1945, when the Communist-controlled ELAS (National Liberation Army) attempted to seize Athens but failed because of British military resistance. More than 2,000 British troops were killed, wounded or missing before an uneasy truce was signed. ELAS casualties were reported to be 10,000.

An ELAS victory, it is now assumed by many foreign observers, would have resulted in the creation of a "people's republic" dedicated to the same sort of "new democracy" which has been founded in the Balkan hinterlands by Josip Broz Tito, Georgi Dimitroff and Enver Hoxha.

## Light Florida Hurricane Leaves Flood in Wake

TYPICAL MIAMI STREET SCENE WHEN FLOODS SWEEPED FLORIDA AS HURRICANE BLEW OUT

Having lost much of its fury while crossing southern Florida, a tropical hurricane swung out into the Atlantic again but torrential rains left widespread floods behind. The storm lashed Miami with sustained winds of 71 miles an hour. The second serious tropical storm to hit south Florida within a month, the amount of damage caused could not be estimated. Picture at top shows cars trying to splash their way down Biscayne Boulevard, Miami. Below, just outside the Miami limits, cattle are marooned on the only high ridge remaining as rains and swollen Everglades canals combined to flood the pasture lands.

## High Court Upholds Verdict Granting Oil Rights to U. S.

WASHINGTON, Oct. 13 (P)—The Supreme court reaffirmed today its 6-2 decision that the United States has paramount rights over oil-producing lands three miles seaward from the California low watermark. It held up, however, the formal decree defining those rights.

The ruling turned down a California petition for a rehearing. It highlighted proceedings as the court started laying out the work that will occupy the justices for the next eight months.

The State of California, in asking the high court for a rehearing in the submerged lands case, contended that the decision handed down last term would deprive all coastal states of valuable property rights.

Justice Black, writing the majority opinion the past June 23, relied principally on two ideals: That Federal jurisdiction over the lands is necessary for defense purposes; and that the very rights which California sought to assert may become a subject for international treaty making.

The court in one of the long lists of orders today, averted a possible showdown in the controversy between Justices Robert H. Jackson and Hugo L. Black, declining to consider a case that might have brought it to a head.

The feeling came into the open in 1946 when Jackson was in Nuernberg, Germany, prosecuting war criminals. He issued a statement criticizing Black's participation in a case appealed and won by Black's former law partner, Cramp-ton Harris, Birmingham, Ala. Jackson said he would "speak out" if Black ever again took part in a Harris case. Black has made no public reply.

Today the court declined to review another case, in which Harris had filed an appeal. This involved a property transaction suit by the Jackson Securities and Investment company of Birmingham, Ala., against the Prudential Insurance company of America. As usual, no reason was given for denying the appeal.

**GIRL KILLED IN BUS CRASH**  
KANSAS CITY, Oct. 13 (P)—A school bus carrying 30 pupils to the St. Louis Catholic school overturned today, killing a 5-year-old girl and injuring three other children, none seriously.

## Hurricane Heads Toward Coast Area Of North Carolina

MANTEO, N. C., Oct. 13 (P)—The North Carolina outer banks braced tonight for gale winds and heavy seas as the freak tropical storm veered toward the coast from the Atlantic ocean.

With winds estimated at 75 to 100 miles an hour in the center, the storm was cutting northward from a point 190 miles south southeast of Cape Hatteras at 4:30 p. m. today.

Grady Norton, chief forecaster for the Miami weather bureau, said the center would come "pretty close" to Cape Hatteras, but still offshore.

Northeast storm warnings were up from Wilmington, N. C., to Cape Hatteras.

Winds tonight were increasing in intensity along the banks. A velocity of 35 to 40 miles an hour, northeast was reported at 8 p. m. at Port Macon, 80 miles southwest of the village of Hatteras. The barometer reading was 29.75 and was falling.

At the Diamond shoals lightship, winds up to 48 miles per hour, northeast, were reported at 8 p. m., with dropping barometer reading 29.81.

Meanwhile, rising flood waters created grave problems of health and housing for parts of the lower Florida East coast lashed by wind and torrential rains Saturday.

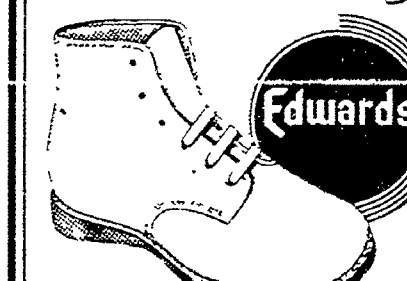

In the worst affected sections of Greater Miami—Hialeah and Miami Springs—National Guardsmen were summoned for armed patrol duty. Col. Robert A. Ballard, commanding the units, emphasized that martial law had not been declared in the suburban areas.

At least 12,000 persons were reported homeless in the two towns, with many other parts of Dade county under water and homes evacuated. Broward and Palm Beach counties also were among those which were taking a beating from high water.

More than 100,000 mines and booby traps were destroyed by the Allies in Dunkerque, France, before its harbor was reopened to traffic in August, 1946.

## CIO PROPOSITION SNUBBED BY AFL

President Green Declines Rivals' Plan to Merge Forces in Political Fight

SAN FRANCISCO, Oct. 13 (P)—President William Green today slammed the door of the American Federation of Labor on a CIO proposal for joint political action, and then declared the AFL would go for an all-out political campaign of its own in 1948.

From Boston where the CIO is in convention, its President Philip Murray had messaged Green the offer of joint political action, saying the AFL and CIO should combine ranks against "our common enemy."

Green, in declining, restated the AFL stand for a physical merger with the CIO before political co-operation. This is the opposite of the CIO view, which holds for co-operative action first and then actual merger of the two labor bodies.

Over the week-end the AFL executive council had recommended creation of "labor's educational and political league" similar to the CIO-PAC and recommended booting the per capita tax from two to three cents to finance the program.

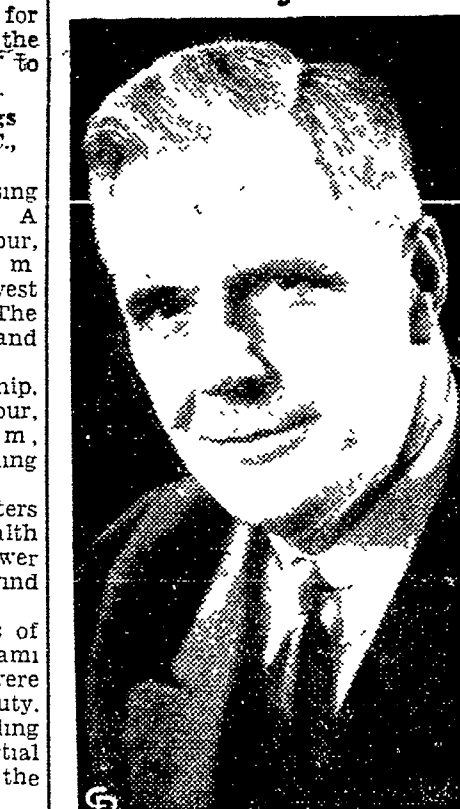

After disposing of Murray's plea, Green appeared as a speaker before the Commonwealth club here to serve notice that AFL intended to take to the hustings in its own cause.

Prefacing his statement with an attack on the Taft-Hartley law and a promise to "fight involuntary servitude," Green said:

"The current convention of the American Federation of Labor will decide how that fight is to be conducted."

"In my judgment, it will authorize a nation-wide educational campaign to expose the fallacies of the Taft-Hartley act."

## Efficiency Down

James F. Lincoln (above), originator of incentive management system, said last night in Atlantic City, N. J., that because management has no control over the worker, the efficiency of production has gone down to a startling extent.

## REDS LEAD RACE OVER OPPONENTS IN ITALY BALLOT

'People's Bloc' Holds Narrow Margin in Municipal Elections

ROME, Oct. 13 (AP)—The Communist-dominated "People's Bloc" was ahead tonight on the strength of nearly complete returns from yesterday's Rome city election but had lost ground to the Vatican-supported Christian Democrats since the previous election the past November.

With only three of the 123 precincts still to be tallied, the bloc had 108,128 votes and the Christian Democrats 204,007. The rigors of the "common man" movement was a poor show with 63,377.

The Christian Democrats are a centrist party led by Premier Alcide De Gasperi. The "People's Bloc" consists of the Communists, pro-Communist Socialists and two minor parties.

Election judges postponed completion of the count until tomorrow. There still were 25,318 ballots to be accounted for, but it was estimated some 13,000 would be invalid.

One of the basis of tonight's tally the Christian Democrats since the past November's election when balloting was lighter, had moved up from third to second in strength among the city's parties and increased their vote by 99,380, against an 18,088 vote increase for the "People's Bloc" and a 43,403 vote loss for the Qualunquists.

On the other hand, the bloc's 4119 vote plurality over the Christian Democrats this year was less than one-twentieth that by which it led the Qualunquists a year ago. Thirteen parties contended in Sunday's election for 90 city-council seats. The returns tallied tonight would give the leftist bloc and the Christian Democrats each 25 to 30 seats.

Some politicians thus foresaw another deadlock such as necessitated a municipal election this year. The election was held because a junta chosen by the present council could not agree on a mayor. A career prefect named by the republic has administered the city in the interim.

Some foreign observers saw in Sunday's results evidence that De Gasperi had more than held his own since he eliminated Communists and Socialists from his cabinet the past May.

## 300 Egyptians Join Moslem Camp in 'Holy War' Battle

CAIRO, Oct. 13 (P)—The Moslem brotherhood said that between 200 and 300 Egyptian men enlisted tonight for a "Holy War"—to "save" Palestine from the Zionists. The brotherhood said recruiting would continue nightly except Friday—the Moslem Sabbath.

Mahmoud Labib Bey, Palestine Arab army leader who the British recently ordered out of the Holy Land, addressed the new recruits—most of them young but a few past 40—in the courtyard of the brotherhood's headquarters.

"We are going to death, but death is paradise," he said.

"We are yours, fighting for Allah," some shouted back. "Death under Allah is our best way."

In the floodlighted throng were students, mechanics, tailors, shoemakers, messengers and household workers, some heads of families. Many were in western suits and red, fez-like turbans, others in gowns and white turbans.

## Steel Official Defends Record Of Industry's Prices, Production

PITTSBURGH, Oct. 13 (P)—The steel industry's price structure and production record were defended tonight by President Ben Morrell of the Jones and Laughlin steel corporation.

In a radio speech here, the former Navy, aircraft and war-time head of the Seaboard defense industry, had declared "no" to expansion of the face of a tremendous demand for steel.

Morrell, in reply to a recent oration by Senator Joseph C. O'Mahoney in which the Wyoming Democrat declared the industry should expand its production facilities. "In the first place," declared Morrell, "vast expansion programs totaling more than one billion dollars are already under way in the steel industry. In the second place the industry today is producing steel in the greatest tonnage practical under today's conditions."

Acknowledging the existence of a steel shortage, Morrell blamed the condition on these factors: (1) large pent-up demand; (2) necessity for repairs to equipment; (3) scrap and coal difficulties; (4) strikes in steel and coal which he said have cost 18,000,000 ingot tons of production.

"It is a safe assumption," he added, "that had we produced that 18,000,000 tons of steel there would be few, if any, complaints today about a shortage of steel."

Morrell said production this year is breaking all peace time records by large margins and compares favorably with peak wartime rates. "The current program," he added, "will provide approximately 2,500,000 tons of additional steel capacity per year" some of it by the end of this year and the rest in 1948.

## Printers' Hearing Due Despite Wage Boost

BALTIMORE, Oct. 13 (P)—Despite an eleven-hour wage increase for members of the International Typographical union by Baltimore print shops, the National Labor Relations board today planned to "go ahead" with an NLRB hearing tomorrow in which the union is charged with "failure to bargain collectively in good faith."

"We're going ahead with the hearing," said Ross M. Madden, director of NLRB's fifth regional office here, who issued the complaint Sept. 23. It is the first time a union has been charged with unfair labor practices under the Taft-Hartley law.

Mr. Madden said the union had refused to bargain collectively in good faith. "We are going to death, but death is paradise," he said.

"We are yours, fighting for Allah," some shouted back. "Death under Allah is our best way."

In the floodlighted throng were students, mechanics, tailors, shoemakers, messengers and household workers, some heads of families. Many were in western suits and red, fez-like turbans, others in gowns and white turbans.

# DRIFTIN' AROUND

WITH ELMER PANOC

THE MERCURY's football forecasters editor received a mild shock yesterday while checking the entries in the 4th weekly grid contest.

He came upon a coupon entered by a woman from Pottstown RDI and saw that she picked only two correct winners out of the ten games. She picked Norristown to beat Pottstown and selected California to defeat Wisconsin.

The shock came when the editor looked over the woman's scores and saw that she picked California to win by a score of 1-0. Now the editor doesn't know if the woman made a mistake while writing the scores on the coupon or if she really thought California would win by a 1-0 score.

The latter point, however, is impossible as most football fans know, for a team cannot win by a 1-0 score. The least number of points a team could score in a game excluding zero would be two. These two points result from a safety and the score would be 2-0. No football game could ever end 1-0.

The only way a team could score one point would be to add an extra point following a touchdown by kicking the ball through the uprights of the goal post; or to pass or run the ball over the goal line from the 2-yard line.

A FISHERMAN from Pottstown decided to take their wives on a fishing trip Sunday after constantly hearing the women ribbing them because of their small catches.

The two couples, Mr. and Mrs. Earl Elliot of Coventryville and Mr. and Mrs. John Freese of Pottstown, went to Margate City, N.J., and headed out to sea at 6 o'clock in the morning.

The two couples fished for three and one half hours until the wives decided it was time to get seasick. Captain John Able turned "The Savy" toward shore and brought the two fishermen, and their sick wives, back to Margate City.

The party returned home with 45 fish, some of them weighing nearly 25 pounds. Forty-five fish isn't a bad catch and it may pay the two anglers to take their wives fishing again sometime — the women seem to bring them luck.

PROBABLY everyone of you who follows collegiate football have looked at a Notre Dame university lineup and wondered why the grid-ders at that Indiana school are called "The Fighting Irish" when practically every member of the squad has a name ending with "ski" or "vich."

We have all heard people say that a school needs Polish, Slovak, Russian or Czech boys in order to have good football teams and that is one of the reasons Notre Dame always is noted for its great teams.

Phoenixville High was playing West Chester High a few weeks ago and before the game girls were selling programs in which appeared starting lineups for both schools.

If someone didn't know he was at a high school football game, he might have thought he was at South Bend watching Notre Dame, for there, looking him straight in the face, were the same type of names — names ending in "ski" or "vich."

If Phoenixville High has football players with names like that, why don't the school call its football team "The Fighting Irish?" It would sound much better than the "Phantoms."

## Wolverines Take Top Spot in Poll

### Tornadoes Down Rangers by 12-9

The East End Tornadoes, scoring a touchdown in each of the middle periods, handed the Ellis Rangers a 12-9 defeat Sunday afternoon before a small crowd on The Hill far fields.

Bot hreams scored six-pointers in the second quarter, but the Rangers added the extra point and held a 7-6 lead at the half. Harry Anderson scored for the Rangers on a line buck and Bunes Bauer scored for East End on a pass.

East End's Mole Hettrick then scored in the third period to give the Tornadoes a 12-7 lead. The Rangers ended scoring with a safety in the last period.

NEW YORK, Oct. 13 (AP) —For the first time in more than three years, a college eleven other than Army, Notre Dame or Texas was given top rating when Michigan today was voted the nation's number one football team, in the Associated Press weekly poll.

The mighty Wolverines, who practically pulverized Pittsburgh 69-0 Saturday to increase their point total for three winning games to 17, received tremendous support with 93 first place votes, 29 seconds and a total of 1238 points from 131 sports writers from coast to coast.

Notre Dame, which held the number one position in the final poll of 1946 and was installed in the top slot again in this season's first poll last week just ahead of Michigan slipped a notch into second place with 1103 points.

Texas, a power in the Southwest, was third with 996 points, on the strength of 10 first place votes, 35 seconds and 48 thirds. The undefeated Longhorns, with four victories including a convincing 34-14 triumph over Oklahoma Saturday, was the only other team to get more than two first place votes. The remaining five first place-picks were divided thusly: Wake Forest, two; Georgia Tech, Illinois and Minnesota one each.

Although receiving no better than a second place vote, of which they got but four, California's Golden Bears picked up enough thirds, fourths and fifths to nose out unbeaten and unscored upon Georgia Tech for fourth place, 674 points to 623.

The Bears, under the helm of Coach Lynn Waldorf, former Northwestern mentor, trampled Wisconsin 48-7 for their fourth straight victory. Georgia Tech handed Virginia Military Institute its first defeat 20-0.

Although held to a scoreless draw by Army, Illinois, 1946 Big Nine champions, was installed in sixth place over the Cadets 529 points to 476. It is the lowest ranking of an Army team in four years.

Powerful Pennsylvania with two top-sided victories to its credit this season, was named for eighth place with 395 points. Penn State, on the strength of its 75-0 win over Fordham Saturday moved into ninth position with 226, eight points ahead of Vanderbilt which rounded out the top ten.

## Lewis Deputy Outguesses 91 Forecasters to Win 4th Weekly Grid Contest

"Minnesota 37, Northwestern 21; Navy 14, Duke 14; Bucknell 13, Delaware 12; Rutgers 13, Princeton 7; Villanova 13, Holy Cross 6," blurted the sports commentator, and shortly one could see little pieces of paper floating downward to the floor—pieces of The Mercury's football contest coupons.

### Rocky Agrees To Meet Zale In Title Bout

NEW YORK, Oct. 13 (AP)—Irving Cohen, manager of middleweight champion Rocky Graziano, said today the New York fighter has agreed to defend his title against ex-champ Tony Zale of Gary, Ind., in a 15-round return bout at Miami, Fla., next Feb. 12.

Confirming an earlier announcement from Miami, Cohen said the fight would be staged by Promoter Harry Voller with all the profits to go to charity. He said 50 percent of the profits would go to the Damon Runyon Cancer fund and the remainder would be distributed among Miami charities.

Graziano has been guaranteed \$150,000 and Zale \$75,000. The fight, to be held in Miami's Orange Bowl, is expected to draw a gate of at least \$350,000.

However, if the gate falls below that figure, Cohen will waive his guarantee and take 40 percent of the net receipts. Cohen said. It is expected that Zale will do the same, setting for a reported 20 percent.

Graziano won the title by stopping Zale in the sixth round of their scheduled 15-round bout in Chicago last July.

## MODERN FOOTBALL IS 'SISSY' GAME, SAYS JIM THORPE

ATLANTA, Oct. 13 (AP)—Specialists in football are making the game sissy, according to Jim Thorpe, former football star of the Carlisle Indians.

Pausing in Atlanta enroute to Chicago, Thorpe was asked what he thought about present-day football which permits unlimited substitutions.

"Jim says it's 'sissy,'" said Mrs. Thorpe. "Oh, I know he doesn't want to appear critical or in the role of one of those old-timers, but—"

"Well, it just doesn't look like the old game used to look," Thorpe declared. "When the same 11 men who started the ball game went on to finish it — I don't know. There may be more science in the development of this guy to pass and that one to punt and another to kick — from placement after touchdown or on the kickoff.

"Fifty or sixty guys on the bench. All of them more or less specialists. It looks sort of confusing. These days, I don't see where a coach has any hair left, and they do look sort of worried, don't they?"

**Basketball Champions Start Practice Early**

ATLANTIC CITY, N. J., Oct. 13 (AP)—An 11-man Philadelphia Warriors' squad opened a two-week training grind here today with only seven members of the 1946-47 Basketball Association of American champions back in uniform.

Oscar "Red" Baldwin, former Muhlenberg college ace, was one of the newcomers battling for a starting post on the pro quintet.

Only 92 persons entered the fourth weekly grid contest and all of them had some trouble in selecting the right winners. Only four of the 92 were able to pick eight winners correctly and only 13 selected seven correct winners.

Of the four persons who picked eight winners, three made their home outside of Pottstown. The king of them all with eight winners and the closest scores was Lewis Deputy of Glen Moore. Deputy was the first choice of the judges because of his accuracy to pick the correct scores.

The Glen Moore resident was only two points off the correct score when he picked Norristown to defeat Pottstown High, 20-6, and had a perfect score in selecting Bucknell to beat Delaware, 13-12.

The second prize was awarded to Gordon Griffiths, 918 High street. He was the only Pottstown resident to pick eight winners.

Deputy, who missed the Navy-Duke game and the Rutgers-Princeton game, will receive four tickets to the Pottstown-West Chester High game which is scheduled to be played Oct. 25 on Franklin Field. Griffiths will receive two tickets to the same game.

The other two persons who picked eight winners were Lee Wamsher of Douglassville and J. W. Heacock of Boyertown.

Most of the 92 persons entered in the contest missed the Minnesota-Northeastern game which was won by Minnesota, 37-21. A lot of the entries missed Rutgers' 13-7 win over Princeton and also Bucknell's 13-12 victory over Delaware. Everyone missed the 14-1 tie between Duke and Navy.

Actual scores:

## Ruffing and Lee Released by Chicago

CHICAGO, Oct. 13 (AP)—Charles (Red) Ruffing, 43, former New York Yankee pitching star, and 40-year-old pitcher Thornton Lee today were released unconditionally by the Chicago White Sox.

Both were incapacitated with injuries most of last season, when Ruffing had a 3-5 record and Lee won three against seven defeats.

Ruffing, acquired by the White Sox after he suffered a broken knee cap with the Yankees last year, tops all major league pitchers in World Series wins with seven, having played in as many series, all with the Yanks.

Lee, who led the American league in earned run average and complete games in 1941 when he had a 22-11 record, came to the White Sox from Cleveland in 1936.

**Jimmy Wilburn Cracks World Speed Record**

OWOSSO, Mich., Oct. 13 (AP) — Jimmy Wilburn of Los Angeles sped his big Offenhauser special over the half-mile Owosso motor speedway track in 20.35 seconds today to set a new world's record recognized by the Central States Racing association.

The previous mark of 21.42 seconds for a banked track was set by Ted Horn at Winchester, Ind., three years ago, although Deb Snyder of Toledo, O., completed the course here in 20.61 last year for an unofficial record.

Two winners: Jeannette Newman, Gabe Fiehl, Francis Koron, Doris Faye Darlington and Jim Slemann.

## Twin-Boro Meets Burlington foe

Twin-Boro AA gridders, with a string of five consecutive victories to their credit, and undefeated this season, will play their first mid-week game under the lights away from home tomorrow night.

The semi-pros will travel to Burlington, N. J., to meet the strong and undefeated Burlington AA eleven on the high school field. The kick-off is slated for 8:30 o'clock.

Sunday afternoon, at Lake View Memorial park, the Twin-Boro eleven will oppose the strong Chester Bears.

The Twin-Boro combine turned back the North Phillies of Philadelphia in their last encounter Sunday afternoon by a 19-7 score at Lake View Memorial park.

**Major Leaguers Top Houston foe by 11-5**

HOUSTON, Tex., Oct. 13 (AP) — Bob Feller's barnstorming major leaguers defeated a Houston Star squad, 11 to 5, today before 476 fans.

Feller hurled the first three innings and gave up three runs on four hits but his teammates jumped on Ted Wilks of the St. Louis Cardinals for three runs in the second to tie the score before he left the game.

Two winners: Jeannette Newman, Gabe Fiehl, Francis Koron, Doris Faye Darlington and Jim Slemann.

## Baby Trojan Eleven Ties Norristown Foe by 12-12, Snaps Winning Streak at 11

Coach Bill McCabe's Baby Trojans of Pottstown High school ended a long winning streak that covers two seasons yesterday afternoon on Franklin field when they tied Norristown High junior varsity eleven, 12-12.

Norristown has won 11 straight games—three of them this year—before coming to Pottstown yesterday afternoon.

The Eagles' streak was ended by a tie game, but the county-seaters were a little lucky it wasn't a defeat. The only thing that kept the Baby Trojans from winning the game was a 15-yard holding penalty after the first period following a touchdown.

The visitors kicked off and the Baby Trojans marched directly down the field for a six-pointer. The Trojans wanted the ball to the Pottstown 30. Joe Pollick picked up 25 yards on a lateral play for a first down on the Norristown 45. Peroni went for ten yards and then Bobby Dobry cut off tackle and galloped 35 yards for a touchdown. Joe Axsmith's attempted conversion was blocked.

After receiving the kickoff, the Trojans held the Eagles deep in their own territory and the visitors were forced to punt. Pete Peroni took the punt on the Pottstown 40. Peroni went for ten yards and then Bobby Dobry cut off tackle and galloped 35 yards for a touchdown. Joe Axsmith's attempted conversion was blocked.

Late in the same period, the Baby Trojans had possession of the ball in their own territory, but were forced to punt. A bad pass from center rolled to the five and the Trojans recovered. It was fourth down at the time, however, and Norristown regained possession of the pigskin. Three plays later the visitors had another six-pointer.

Late in the same period, the Baby Trojans had possession of the ball in their own territory, but were forced to punt. A bad pass from center rolled to the five and the Trojans recovered. It was fourth down at the time, however, and Norristown regained possession of the pigskin. Three plays later the visitors had another six-pointer.

The Trojans kept the ball mostly in Norristown territory during the second half, and constantly started drives for touchdowns only to be stopped after advancing to the vicinity of the 20-yard line.

It was the first game of the year for Pottstown, but was the fourth for Norristown.

## Annie L. Roshon, 77.

## Dies; Was Active in King's Daughters

Miss Annie L. Roshon, 77, one of the most active members of the Pottstown King's Daughters society, died yesterday morning at 3:15 o'clock at her home at 357 Chestnut street. Death followed a three-week illness and was attributed to a chronic heart ailment.

She had been a member of the King's Daughters society for 15 years never missing a meeting until her last illness. Chairman of several of the society's committees, she recently had been chairman of the committee group which furnished lap robes for wounded veterans at Valley Forge General Hospital, Phoenixville.

Officers of the society recalled that she made dozens of these robes herself, and that her standard answer to questions about what she was doing was, "Oh, just finishing another lap robe." For years she also had been active in the society's mission work.

She had been a member of St. James' Reformed church, Limerick, and its Dorcas society.

A native of Fruitville and daughter of the late Philip and Catherine (Miller) Roshon, she moved to Pottstown 51 years ago. Her first home in the borough was on High street near The Hill school. Later she moved to what was then a private home at 367 High street. She had lived on Chestnut street for about 10 years.

She is survived by two sisters, Katharine R. Pfeiffer, of Fagleyville, and Chrissie E. wife of John U. Hauck, of Fruitville.

Funeral services will be held Thursday afternoon at 2 o'clock from a funeral home at 112 North Washington street. Officiating will be the Rev. W. R. Teitsworth, pastor of St. James Reformed church, Limerick, and the Rev. Scott Brenner, of Reading.

Interment will be made in Falkner Swamp Reformed cemetery.

## Larceny Charge Dropped Against New York Pilot

WILLIAMSPORT, Oct. 13 (AP)—A charge of larceny of a Piper Cub airplane which was to be used for a non-stop flight around the world was dismissed today against Nelson E. Brown, 26, New York City pilot, after Alderman Leroy Edwards declared a lack of evidence.

The charge was brought by State police on complaint of Theodore H. Thompson, Belle Dale, Fla.

Thompson charged in his complaint that Brown took his plane to South Carolina instead of LaGuardia field, New York, the proposed jumping off place for a global flight. Brown pleaded innocent to the charge at his arraignment Saturday, declaring he owned a part interest in the plane.

## Egypt's Cholera Disease Kills 144 in One Day

CAIRO, Oct. 13 (AP)—Egypt's cholera epidemic claimed 144 lives during the 24-hour period ending at 6 a. m. today, the health ministry said tonight. This was the largest number of deaths on any day since the disease broke out Sept. 23.

Health Minister Negib Iskandar Bey said the situation in the northwestern portion of the Nile delta was very serious. To date 3613 cases of the disease and 873 deaths have been reported.

## Opium Vials Found In Camels' Stomachs

CAIRO, Tuesday, Oct. 14 (AP)—One hundred and thirty-five vials containing \$10,000 (approximately \$40,000) worth of opium were found in the stomachs of five camels when customs inspectors at Kantara on the Suez canal ordered the animals slaughtered, press dispatches said today. The dispatches added that smugglers had devised this method of getting the drug into Egypt.

## 'Only Girl in World,' Says John

He's not a bit worried about paternity charges brought by Patricia Miles, former cigarette girl, said Johnny Meyers as he paid a return visit to the New York night spots. With him is shown movie starlet Marie Allison, "the only girl in the world who appreciates him." Johnny is the press-agent who attracted national attention during the Howard Hughes war contracts investigation hearings in Washington.

## OBITUARIES

**CHARLES MAURICE FRICK**, 71, retired railroad employee, died yesterday morning at his home, 69 WEST FIFTH STREET, after being ill for eight months and bed-fast for one week.

A native of Pottstown, son of the late William C. and Catherine (Shirmer) Frick, he spent much of his early life in Eschbach, where he worked as a brakeman on the Colebrookdale division of the Reading company. Twenty-two years ago he returned to Pottstown and rose to the position of baggage-master on the main line of the railroad, which he held until his retirement five years ago.

Gardening had been his hobby for most of his life and he had a large truck patch next to his home every year until his health failed the past year.

He was a member of St. Paul's Reformed church of Pottstown, Boyertown Nest, Order of Orioles, Order of Independent Americans, Eschbach, Brotherhood of Railroad Trainmen and Unit 37, National association of Retired and Veteran Railroad Employees.

He is survived by his wife, Elizabeth B. (Mest) Frick, at home, and two sons, Woodrow, 28 West Fourth street, and Grant M., at home.

Also surviving are four sisters, Carrie, wife of Edward Kellier, Royersford; Mrs. Mary Wolf, 24 Chestnut street; Katie Frick, 24 Chestnut street, and Amy, wife of Fritz Williams, Reading; one brother, Roy Frick, 383 North Charlotte street, and two grandchildren.

Funeral services will be held Friday afternoon at 2 o'clock from a funeral home at 112 North Washington street, with the Rev. Michael R. Schmidt, pastor of St. Paul's Reformed church, officiating.

Interment will be made in Mt. Zion cemetery.

**MRS. SUSANNA (SHICK) WYAND**, 32 EAST FIFTH STREET, died at her home at 2 o'clock yesterday afternoon after an illness of one year. She was 82.

Mrs. Wyand was the widow of William H. Wyand, a general con-

## Martin Assails High Cost of Government In Keynote Of Pennsylvania Week Fete

PHILADELPHIA, Oct. 13 (AP)—Senator Edward Martin (R-Pa.) declared tonight that "government costs us more than food."

"This is a dangerous situation," he said adding: "No people, regardless of their ability or their wealth, can long endure such a heavy burden and retain their freedom."

In an address delivered at the unveiling of the Gimbel art collection during Pennsylvania Week ceremonies, the former Pennsylvania State governor called on Pennsylvanians and Americans to work for world peace through "faith in ourselves."

Pointing to the fact that the freedom train left on its transcontinental tour from Philadelphia, the birthplace of American liberty, Martin said the priceless documents on the train "are without meaning if Americans do not believe in and fail to live up to the principles they express."

"The world in this trying period," said Martin, "needs more of the spirit of our fathers who wanted freedom in preference to security."

Declaring that Pennsylvania

"has made progress unequaled by any similar area of the whole world in the three hundred years of its history," Martin asserted "no state can live on its past and traditions alone."

He laid down a three-point program designed to keep Pennsylvania "great" in the future:

1. Conservation. "We have used up much of our precious soil and irreplaceable natural resources. Our big job now is to conserve and to replace those resources that can be restored for future generations."

2. "Know-how." Pennsylvania has taught industrial know-how to the nation. Our State must meet the challenge for technical developments with better things produced at lower cost.

3. Service. "To make the future secure we must do more for ourselves and depend less upon government. That calls for hard work and for service."

The Gimbel art collection, compiled under the auspices of Ellis Gimbel, department store executive, depicts, Martin said "the achievements of a great Commonwealth in commercial, cultural and spiritual attainment."

## Overell Heiress Goes to Sanitarium

LOS ANGELES, Oct. 13 (AP)—Relatives of Louise Overell, acquitted the past week with George (Bud) Gollum on charges of murdering her parents, disclosed today that she has been taken to a sanitarium at Ashland, Calif., and under treatment of Dr. Sydney Kinneer Smith, an outstanding psychiatrist.

The 16-year-old heiress to the \$500,000 estate of Mr. and Mrs. Walter E. Overell, killed a boy and under treatment of Dr. Sydney Kinneer Smith, an outstanding psychiatrist.

The bureau also will donate 12 gift certificates of \$5 each to the next 12 highest students.

## Pupils to Be Quizzed On State's History

A quiz contest covering the history of Pennsylvania will be held for the seniors of Pottstown Senior High school at 8:30 o'clock tomorrow morning, Harry L. Smith, principal, announced yesterday.

The contest will be part of the state-wide observance of Pennsylvania Week.

A first prize of a \$25 savings bond, given by the Mercantile Bureau of the Chamber of Commerce, and a chance to compete in a state-wide essay contest for a grand prize of \$1000, will be awarded to the winner of the contest.

The bureau also will donate 12 gift certificates of \$5 each to the next 12 highest students.

## Five Senior High Pupils To Tour Doehler Plant

As part of Pottstown's observance of Pennsylvania Week of which the safety program is a part, five Senior High school youths will go on a tour of inspection of the Doehler-Jarvis corporation's plant here on Thursday.

The youths who will be under guidance of Paul Bean, of Norristown, an inspector of the Pennsylvania Department of Labor and Industry, will start the inspection tour at 10 a. m.

## Each U. S. Resident Should Have \$198.14

WASHINGTON, Oct. 13 (AP)—The Treasury reported today that money in circulation Oct. 1 totaled \$28,564,008,224, an average of \$198.14 for each man, woman and child in the population. It increased \$129,793,898 in September.

## Hypnosis Used in Childbirth

"It's a boy," a nurse in Johns Hopkins Hospital, Baltimore, tells Mrs. Margaret Petrlik just after she had become a mother while hypnotized. No anesthesia was administered and there was no sign of pain during delivery. The first planned use of hypnosis in an obstetrical case at this hospital was handled by Dr. Harold Rosen, hypnotist.

## Laying of Water Main On Franklin Street Starts

Laying of a new 6-inch water main on Franklin street, north of Master, was started yesterday by the Pottstown Water department. The work is being done under direction of Supt. Frank Seasholtz. The extension will be about 200 feet in length.

Under direction of Street Foreman Earl Potteiger the borough is resurfacing two blocks of Glasgow street which had been torn up for laying of the new sewer line.

## FBI Finds \$3988

## Stolen from Bank

PHILADELPHIA, Oct. 13 (AP)—Federal Bureau of Investigation agents announced today they have recovered about half of the \$8000 in cash taken in the West Grove National bank holdup the past Thursday.

Lee B. Boardman, in charge of the FBI office in Philadelphia, said his men found \$3988 in three glass jars in the home of Lawrence L. Griffin, 28, in Bear, Del. Griffin was arrested near Wilmington Saturday.

Boardman said a warrant has been issued for the arrest of Norman Lee Riskuba, 25, of Newark, Del. Griffin's alleged accomplice in the holdup. Both are former residents of Lexington, about 15 miles from West Grove.

Two men held up the Chester county bank with sawed-off shotguns, and wounded a postal clerk as they fled in an automobile.

## Majorette Contest Bid Is Received by Borough

Pottstown may be represented in the first annual majorette contest to be held in connection with the 1948 Winter carnival to be held at St. Paul, Minn.

Burgess William A. Griffith has received from Mayor John J. McDonough, of St. Paul, an invitation to send a representative from this borough to enter the competition. Last night he referred the invitation to William F. Lamb Jr., director of the Senior High school band.

The Burgess indicated he may make an effort to have a local organization sponsor the trip of a contestant to St. Paul. He said it would be good publicity for this community.

## ITCHING PIMPLES

Are you tormented with itching of eczema? When your skin breaks out with tiny blisters, dry scaly itching patches form, or does your skin thicken, crack, and then itch and burn? MED-REX OINTMENT blended scientifically from eight tested ingredients is praised by thousands because it soothes and comforts the most intense itching in a jiffy. ## Look what happens as a Telephone System Grows!

AS MORE TELEPHONES ARE ADDED, the more complex the telephone system becomes . . . and the more it tends to cost to provide good telephone service.

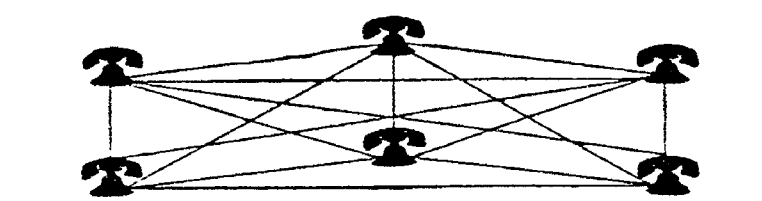

Let's see why this is so. Let's start with the simplest possible telephone system—two telephones connected by one pair of wires. Like this:

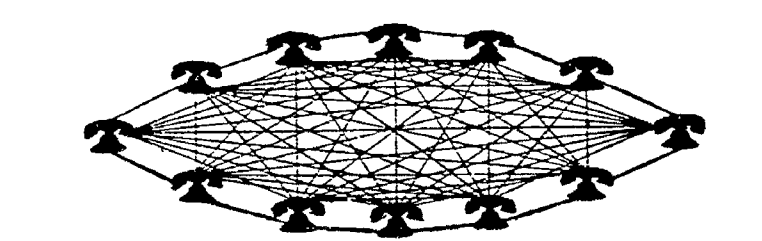

Now let's say that another family wants telephone service. This means that there must be three telephones instead of two, and three pairs of wires instead of one. In other words, we install 50 percent more telephones but 200 percent more wire! Like this:

Now let's say that three more families want telephone service. So our imaginary system grows to six telephones . . . and to interconnect six telephones, we must install 15 pairs of wires! Like this:

But no sooner has our system grown to six telephones than six more families, logically enough, want telephone service. Our telephone system has now grown to 12 telephones. That's only six times the number of telephones we had originally, but no fewer than 66 pairs of wires would be needed to interconnect them! Like this:

This system, of course, is imaginary. All this complexity, in real life, is centered in the central office. But the principle remains the same: As more telephones are added, the more complex the telephone system becomes . . . and the more it tends to cost to provide good telephone service.
